Supplemental Type Certificate

Number: SR02597LA

This certificate issued to: Helifab
1318 Smede Highway
Broussard, Louisiana 70518

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 27* of the Federal Aviation Regulations.

*Certification basis is set forth in Type Certificate Data Sheet H2SW

Original Product – Type Certificate Number: H2SW

Make: Bell

Model: 206B, 206L, 206L-1, 206L-3, 206L-4 and 407

Description of Type Design Change:

Installation of radar altimeter antenna mounting provisions in accordance with FAA approved HELIFAB Inc. Master Document List HF-MDL-7-6, Revision IR, dated February 4, 2016, or later FAA approved revision.

Limitations and Conditions:

The FAA has not certified the equipment for which these provisions are intended. You must get additional FAA approval to install this equipment. The FAA must evaluate the installation to ensure it complies with the applicable airworthiness standards. The installer must determine whether this design change is compatible with previously approved modifications. If the holder agrees to permit another person to use this certificate to alter a product, the holder must give the other person written evidence of that permission. This design change must be maintained in accordance with Instructions for Continued Airworthiness, ICA, HF-CA-7-6, Revision IR, dated January 25, 2016, or other FAA accepted ICA.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: January 25, 2016
Date of Issuance: July 20, 2016

Date Reissued: August 31, 2016; October 12, 2016
Date Amended:

By Direction of the Administrator

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
